

Figure 1: First of all, you will need to download and install the Zoom app on your device. For a smartphone, it will look similar to the image to the left.

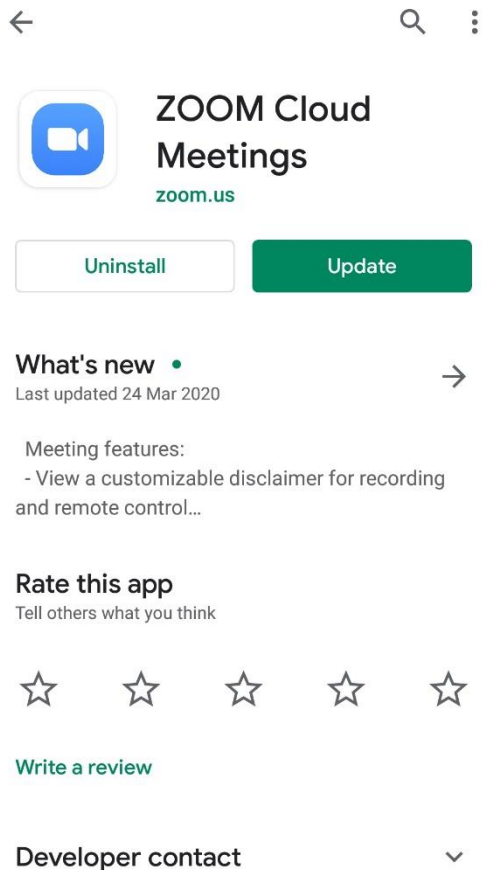

Figure 2: Your tutor will send you a link to join a Zoom meeting before the class starts. This will most likely be by email. Just click on the link.

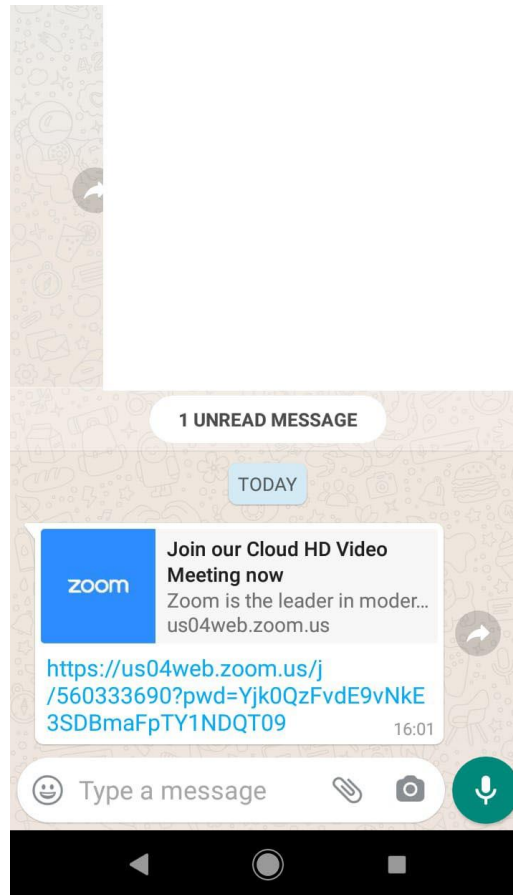

Figure 3: If you get a message asking which program you would like to open the link with, select Zoom.

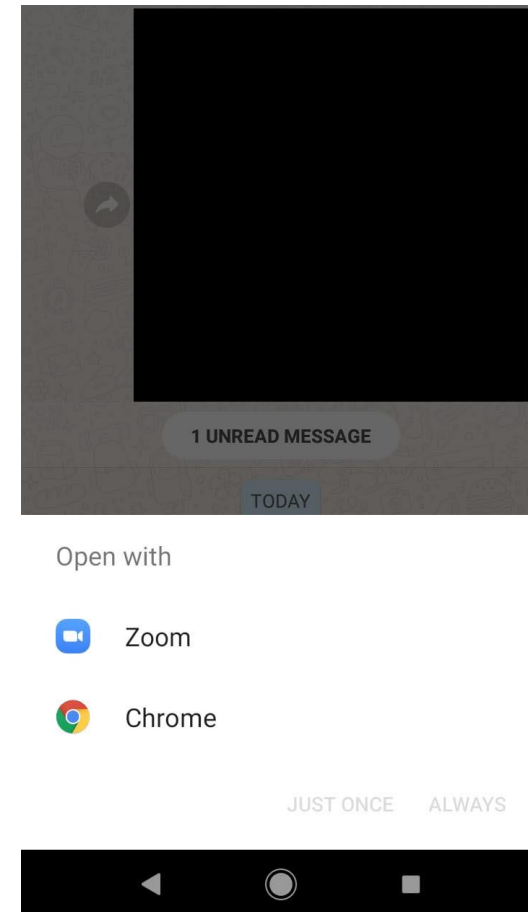

Figure 4: If you do agree with the Terms of Service and Privacy Policy, please click on 'I Agree'. Please note that you will be required to agree to these in order to use Zoom and join the class.

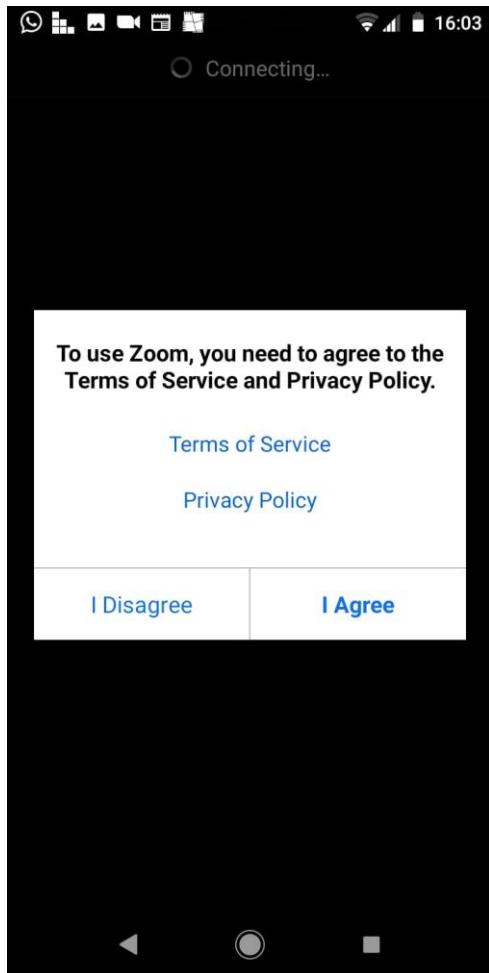

Figure 5: Please insert your name for the tutor to be able to identify you. Then press 'OK'.

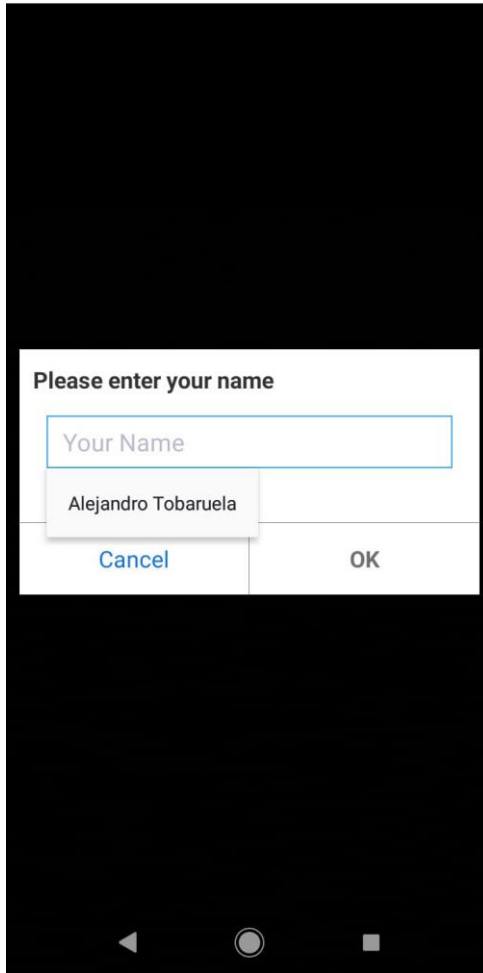

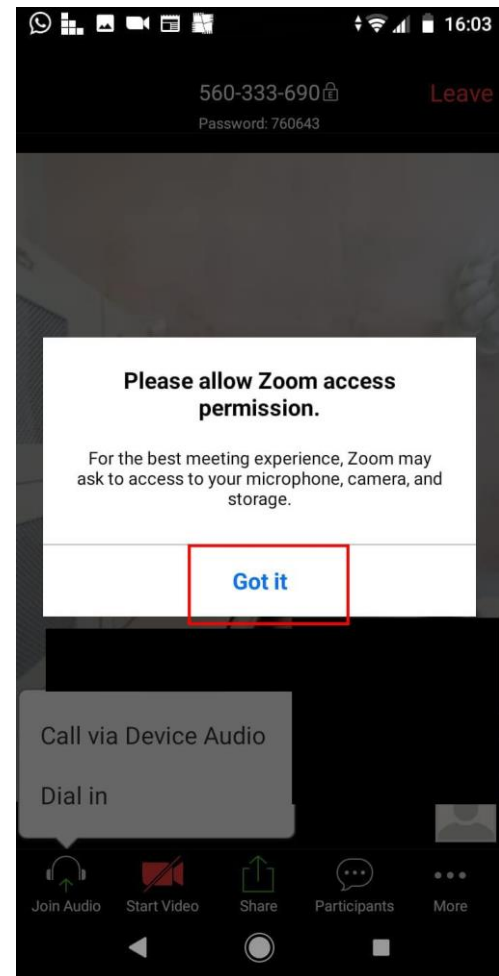

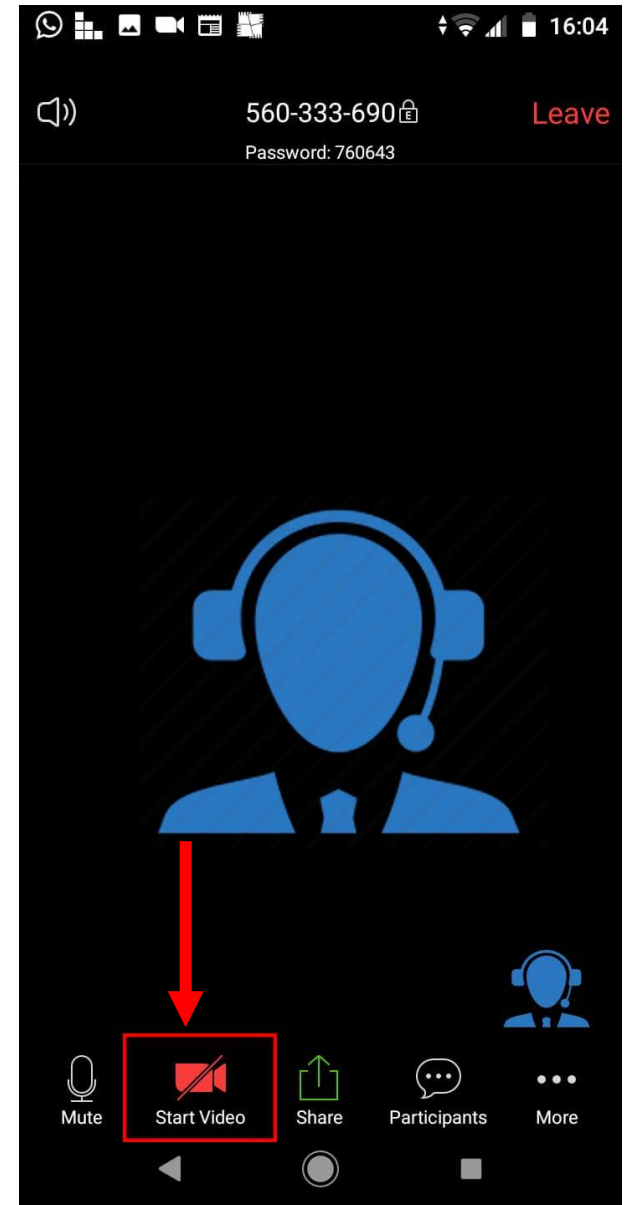

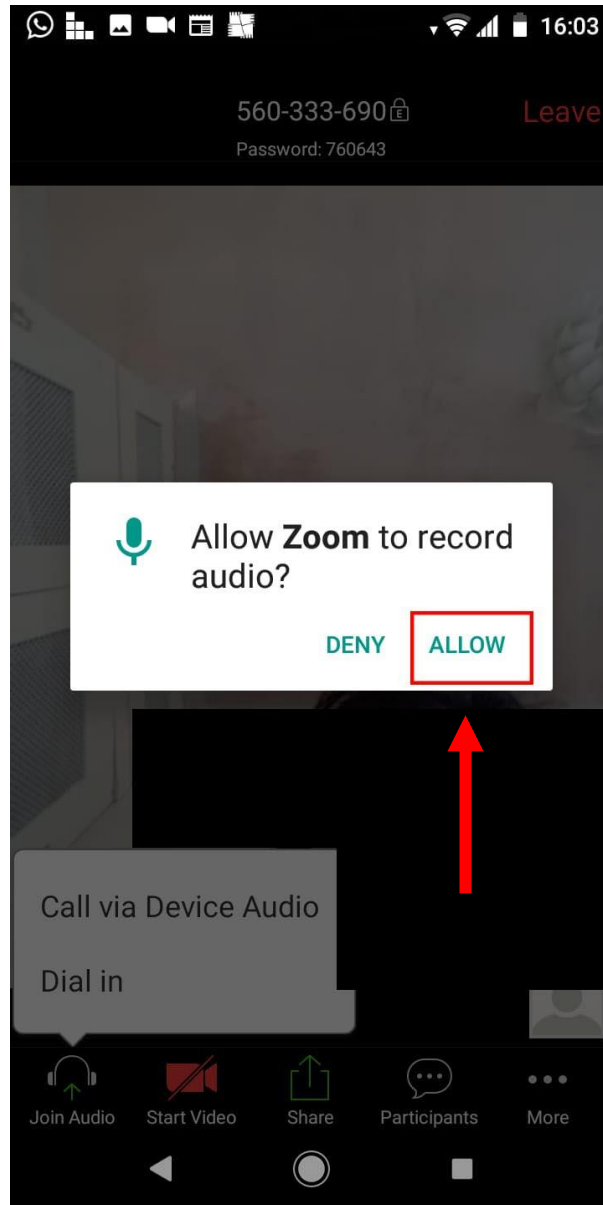

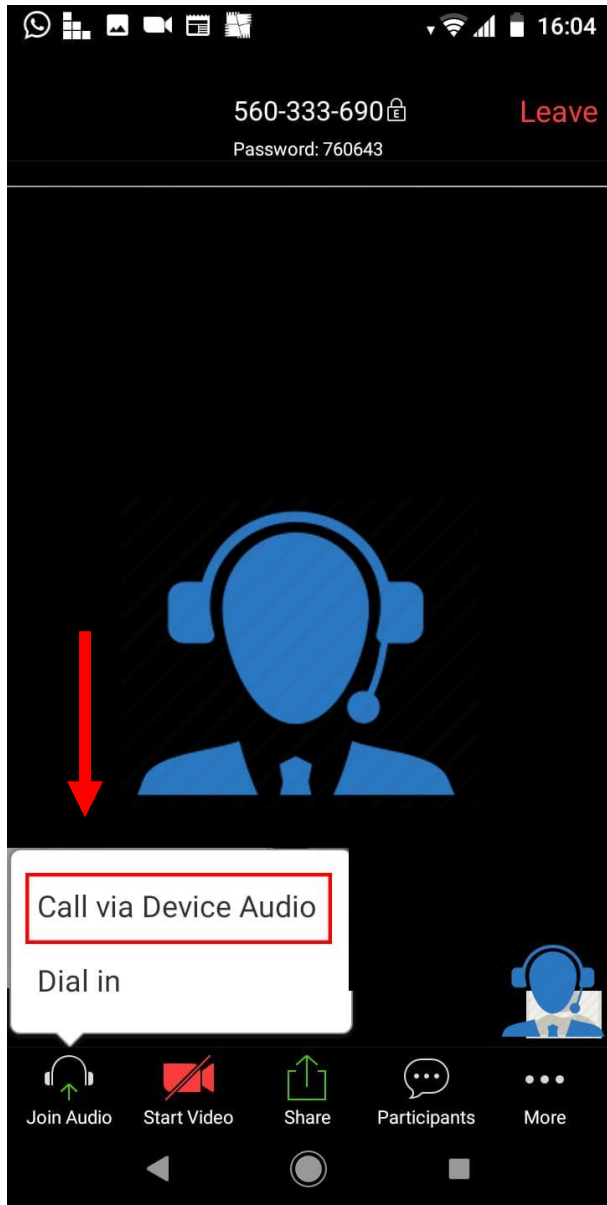

Figure 6: You will next need to give Zoom permission to do what it asks below. Please click 'Got It' to do so.

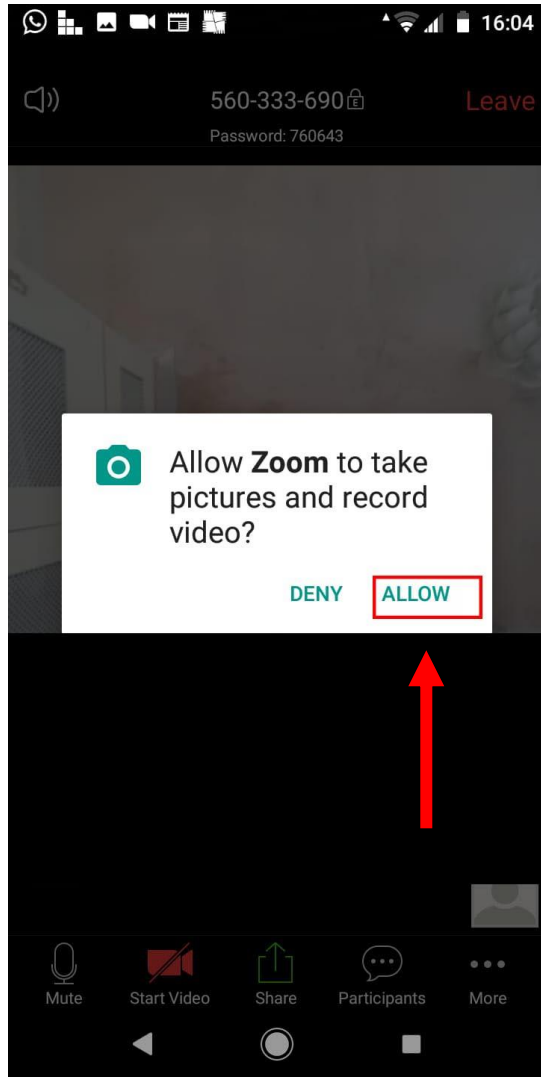

Figure 11: after following all the steps above, you should be all set. You will see the person who is speaking (usually the tutor) on the main part of the screen. On the bottom right hand corner, you will be able to see yourself.
